Disturbing Element.

Such Evils at Present on the Nezperce Reservation.

THREE PEOPLE ARE ARRESTED.

A Thorough Investigation to Be Made at Once—Change in the White House Reception—Presidential Appointments. Other Washington News.

WASHINGTON, May 21.—A telegram has been received at the interior department from Lewiston, Idaho, saying that Special Agent Heth and two employees of the Nezperce reservation had been arrested by the civil authorities. Mr. Heth has been having trouble with some of the agency employees and it is thought at the department that his arrest has been secured by an employee named Williams.

There has been trouble on the Nezperce reservation between the agent and the employees for several years. It grew so serious that Special Agent Heth was sent to relieve Agent Norris about two months ago. This has not quieted matters as the present difficulties show. Special Agent Welton, who is now at Umatilla, has been directed to take charge of the Nezperce agency and a thorough investigation was ordered by the Indian office with a view to removing from the reservation every white person who has held any guilty part in the disturbances there.

When to Call at the White House.

WASHINGTON, May 21.—Commencing to-day the hours of reception at the White House will be changed. Instead of commencing at 11 o'clock, the president will remain in executive session until 11, and on cabinet days will close promptly at 12. On Wednesdays, Thursdays, and Saturdays the time for hearings will be extended to 12:30. On Mondays there will be no reception at all, except the regular public affair, which will as in the past take place at 1 o'clock. The result of this change, which was announced yesterday by Secretary Halford, will be a saving to the president of at least six or seven working hours of each week and a corresponding degree of increase in the number of appointments made. The diminution of the reception hours will not, therefore, be as the office-seeker will at first imagine to be.

Military Academy Visitors.

WASHINGTON, May 21.—The names of the persons appointed as the board of visitors to the military academy has been announced. They are as follows: Hon. C. K. Davis, of St. Paul, Minn.; Hon. J. W. Daniel, of Lynchburg, Va., by the senate; Hon. S. M. Robertson, of Baton Rouge, La.; Hon. S. S. Yoder, of Lima, O.; Hon. George W. Shute, of Marion, Ind.; and Professor Leroy D. Brown, of Perry, Iowa; Rev. Dr. B. W. Childlaw, of Clare, O.; Rev. Arthur Edwards, of Chicago; Dr. Nathan S. Lincoln, of Washington, D. C.; Capt. Charles King, U. S. A., retired, Milwaukee, Wis.; and Gen. Lew Wallace, of Crawfordsville, Indiana.

Presidential Appointments.

WASHINGTON, May 21.—The following appointments have been made by the president: To be receivers of public moneys—Thomas D. Bumgarner, of Arkansas, at Dardanelle, Ark.; Henry C. Pickels, of Delaware, at Folsom, N. M.; Frank Lesnot, of New Mexico, at Roswell, N. M.

To be registers of land officers—William P. Alexander, of Colorado, at Del Norte, Col.; John H. Mills, of New Mexico, at Roswell, N. M.

To be Indian agents—James Blythe, of North Carolina, at the Eastern Cherokee agency in North Carolina; John Fosher, of Wyoming territory, at the Shoshone agency in Wyoming territory.

Callers on the President.

WASHINGTON, May 21.—The only visitors who saw the president yesterday were Senator Farwell, First Comptroller Asa Matthews and the Hon. Paul Selby, who was for so long the editor of The Illinois State Journal. The senator was especially interested in Capt. Meredith, and wanted to know why his commission as chief of the bureau of engraving and printing had not been signed. It is believed now that the appointment of Meredith will be announced on Wednesday.

Pensioners, Don't Be Alarmed.

WASHINGTON, May 21.—The statement having been telegraphed over the country that the pension appropriation has become exhausted, Commissioner Tanner expresses the hope that the pensioners will not be unduly alarmed thereby. The fact is that he has simply made the usual requisition which sends the money from the treasury into the various United States depositories, where it will be subject to the checks of the pension agents for the June payment.

On a Tour of Inspection.

WASHINGTON, May 21.—The naval inspection board, of which Rear Admiral Jewett is president, has been ordered to the New York and the League island navy yards for the purpose of making an appraisement of all United States vessels there. This is in pursuance of the system instituted of keeping a correct account of all public property in the control of the navy department, both as to description and value.

LATONIA, Ky., May 21.—The spring meeting of the Latonia Jockey club began yesterday. Despite the showery weather over 5,000 people attended. The track was in fair condition. The one great feature of the day was the fifth race, the derby, one and a half miles, and was won by Hindocraft in 2:41.

TORNADO TORN.

Many Houses Wrecked in the Lackawanna Valley, Pennsylvania.

WILKESBARRE, Pa., May 21.—A terrific wind and rain storm, which afterwards turned into a tornado, swept through Lackawanna valley yesterday afternoon. Many houses were wrecked, fences blown down, barns demolished, and whole orchards ruined. Houses occupied by Charles Robinson and Charles White were swept from their foundations and all the inmates injured.

SCRANTON, Pa., May 21.—A severe storm passed over this city yesterday afternoon. Very little damage was done here, however, but at Clark's Green, a village eight miles north, the wind came on with frightful velocity, blowing down trees, wrecking small outbuildings and completely leveling to the ground a dwelling in course of erection, which was nearly completed. Two large frame barns were lifted from their foundations and shattered to pieces, orchards were laid waste and fences were torn down. No such tornado had been experienced in this region in years. No loss of life is reported.

HILLSDALE, Mich., May 21.—The long drouth is ended. Yesterday afternoon there was a short but very heavy rain. The very hot and dry weather for the last four weeks has hurt the crops seriously.

JOINED IN MATRIMONY.

Mrs. Cleveland's Mother and H. E. Perrin Married at Jackson, Michigan.

JACKSON, Mich., May 21.—The wedding of Mr. H. E. Perrin and Mrs. Emma Folsom, mother of Mrs. Grover Cleveland was solemnized at 9 o'clock yesterday evening, the Rev. R. B. Balcom, of St. Paul's episcopal church, officiating. The bride was attired in her traveling costume. The guests present besides Mrs. Cleveland and the family of Mrs. Cadman, aunt of the bride, were Mr. and Mrs. G. Barrett Rich, the latter a daughter of the groom, and their two sons from Buffalo; Mr. and Mrs. Elisha Flinn, of Detroit; Mr. Herman and Mrs. Frank Welch, of Jackson. Mr. and Mrs. Perrin left on the night train for Chicago and the west for a trip before returning to Buffalo to reside. Mrs. Cleveland will remain for a few days as the guest of Mrs. Cadman before leaving for home.

Mr. Henry E. Perrin is a well known citizen of Buffalo. He is about 60 years of age. Mr. Perrin's first wife was, it is said, a first or second cousin of Mrs. Oscar Folsom. He has two sons and one daughter, the latter being Mrs. G. Barrett Rich, wife of the president of the Bank of Attica, of Buffalo. Mr. and Mrs. Perrin will make their home at Buffalo after this week.

BRODIE'S LAST JUMP.

In Pursuit of a Wild Ambition He Rivals the Lamented Sam Patch.

NEW YORK, May 21.—Steve Brodie, the bridge jumper, jumped over Passaic Falls yesterday morning and came off without damage. For the past three months Brodie has entertained an idea that it was necessary in order to perfect his record as a jumper from high elevations to rival the lamented Sam Patch by jumping from some of the places which the latter gentleman had honored by his presence.

This idiotic whim culminated about March 1 in an expensive trip to Rochester, where he was only deterred from jumping over the Genesee Falls by the fact that there was only five feet of water under them. It will be remembered that Patch lost his life at this place by jumping from a platform erected at one side of the falls, and that his body was not recovered for several days.

After failing in this endeavor, Steve looked with longing eyes toward the Passaic falls, over which Patch jumped with safety a short time previous to his leap at Rochester. He made an investigation of the falls, and decided that it could be done, and yesterday morning did it.

Accused of Poisoning.

OMAHA, Neb., May 21.—A woman named Mrs. Scott, and her daughter, named Carrie Emaker, a pretty girl of 14, were arrested last night charged with putting arsenic in the coffee of Lewis Marvin, an elderly man for whom they were keeping house. Marvin drank the coffee last evening for supper. He is dying. He says the women were after his furniture.

Driven from Home by White Caps.

HOPKINSVILLE, Ky., May 21.—David Still, of Hopkins county, was visited by a party of White Caps, who threw his furniture and household goods out into the road and broke most of it up, after which they warned him to leave the country and return no more. Taking his large family with him he left for parts unknown.

State Encampment of Odd Fellows.

TOLEDO, O., May 21.—Delegates to the state encampment of Odd Fellows, which convenes in this city, are arriving, and the meeting promises to be one of great interest. The most important business before the encampment will be the adoption of a new state constitution for the order.

Shot Himself in Presence of His Bride.

SANDUSKY, O., May 21.—While laboring under temporary aberration of mind yesterday August Ohly, a prominent wholesale liquor dealer, who Sunday returned from his wedding trip, shot himself through the head with a revolver in the presence of his bride.

Northern Capital Invested in Tennessee.

CHATTANOOGA, Tenn., May 21.—Four steel mill and blast furnaces, to employ 3,000 men, will be built at Cumberland Gap, Tenn., near the Virginia line. The company, with a capital stock of \$3,000,000, is made up of northern iron masters and English capitalists.

In Honor of a King.

Germany's Capital Magnificently Decorated.

THE VISIT OF KING HUMBERT.

Of Italy, and His Son to Berlin to Be Made a Great Event—More Bomb Throwing—Other Happenings Across the Atlantic.

LONDON, May 21.—The decoration of Berlin in honor of the visit of King Humbert, of Italy, and his son, the Prince of Naples, is of the most elaborate description. The railway station at which he will alight from his special train in which he is traveling, is profusely draped with Italian and German flags, banners, streamers, etc., and upon the square adjoining the station a magnificent arch has been erected, under which the Italian delegation will greet the royal visitor.

Directly in front of the arch stands a colossal figure of Berolina. In the Potsdamer platz a superb temple has been erected and in Opera square, between the Imperial opera house and the palace, has been placed an allegorical group representing Germany and Italy in the closest bonds of friendship. The directors of the Italian Benevolent society of Berlin desired to figure prominently in the reception of the king, as did also the heads of several other Italian associations, but in pursuance of a suggestion from Rome the police will only permit delegates representing these societies to present written addresses. This decision is a sad blow to the vanity of several would-be orators who had prepared and rehearsed speeches of welcome. As all of the principal streets will be closed after 9 o'clock in the morning, traffic will necessarily be suspended during the day.

Pigott's Insurance.

LONDON, May 21.—The manager of English and Scottish Law Life Insurance company, states that there remains in the hands of the concern a surplus of £830, which would ordinarily be due to the heirs of Pigott, the suicide of the informer nullifies the policy on his life, but owing to the distressing circumstances of his children the full amount will be paid to the orphans.

Opinion of London Physicians.

LONDON, May 21.—Two prominent physicians of London, who were personally well acquainted with the late Washington Irving Bishop, the mind reader, and who have received from New York a detailed account of his presumed death at the Lambs' club, unhesitatingly express their opinion that the subsequent autopsy was prematurely performed.

Workmen's Insurance Bill.

BERLIN, May 21.—There is no little doubt that the aged workmen's insurance bill will be passed by the reichstag. It is understood that the members of the parties usually supporting the government but opposed to this particular measure, will absent themselves when a vote is taken on the question of passing the bill and its success is virtually assured.

More Bombs Thrown.

BERLIN, May 21.—While an immense crowd of people were assembled to witness the launching of a new cruiser at Trieste yesterday, three petards were thrown at the palace of the Stadthalter by Irredentists. The noise caused by the explosion of the bombs created a panic, under cover of which the miscreants escaped.

Boucault's Play to Be Sold.

LONDON, May 21.—As a result of the absolute divorce recently granted to Mrs. Agnes Boucault from her husband, Dion Boucault, the sheriff will almost immediately sell the English copyright of his plays, and turn over the proceeds to his former wife.

One Hundred Lives Lost.

VIENNA, May 21.—The number of persons drowned in the recent floods is placed at one hundred. The Pilsen district is still submerged.

Nailers' Accept of a Reduction.

PRTSBURG, May 21.—The nailers at Jones & Laughlin's American iron works have accepted a reduction of 35 per cent. on cold nails and 12½ per cent. on hot nails. This is against the Amalgamated Association rules, and will probably cause trouble. The feeders refused to accept the reduction and are on a strike.

SAMOA AFFAIRS.

The Latest News from That Away Of Foreign Island.

SAN FRANCISCO, May 21.—The Trenton's officers, who arrived at the Rockton, include Capt. Farquhar, Lieuts. Brown, Reamy and Scott. Engineers Main, Galt, Matthews, Surgeon White, Chaplain McAllister, and some of the petty officers. Admiral Kimberly, with Lieuts. Merriam and Rittenhouse of his staff remain at Apia. Lieutenant Commander Lyon, Lieuts. Graham and Allen, Medical Inspector White, Surgeon Norfleet, Pay Inspector Clark, Captain of Marines Huntington and others of the Trenton have been transferred to the Nipsic.

The Nipsic's rudder has been replaced, and the vessel will sail for Auckland when the Alert arrives. The ship Rapid has raised the British flag at Suworow, claiming the island as British territory. Mataafa has thanked Admiral Kimberly for his proclamation advising peace. The king hopes the admiral will act as umpire of existing disputes, and says Samoa would be happy again if the United States would be-

come her sole protector. The admiral, in reply, assured Mataafa that the United States would do all possible to secure a settlement, in which Samoan rights would be observed. The admiral has also received and forwarded to Washington a letter from a Tamasoesa. Its contents are not made public, but the tone of the letter is not believed to be conciliatory. Herr Steubel, the new German consul, has arrived at Apia.

As Reported to Washington.

WASHINGTON, May 21.—Commodore Walker, who is acting secretary of the navy, has received the following dispatch from Capt. Farquhar, who is now in San Francisco, and who commanded the Trenton:

"Arrived, Rockton, bound for Mare's Island, with Capt. Farquhar, Lieuts. Brown, Reamy, Scott, Past Assistant Engineers Main, Galt, Matthews, Chaplain McAllister, Assistant Surgeon White, Boatswain McLaughlin, Carpenter Fernald, Sailmaker Boutwell, of the Trenton; Lieuts. Conlin, Wilson, Culver, Ensign Gibbons, Heath, Chief Engineer Greene, Past Assistant Engineer Webster, Surgeon Harvey, of the Vandalia; Ensign Field, of the Nipsic, 303 men from the Trenton, and 141 from the Vandalia. Seven officers and seventy-six men were left at Samoa to finish the work of wrecking.

"The admiral wishes steamers sent for them. Steamers from Auckland are convenient if the department can arrange to have them call at Apia. The admiral has issued a proclamation to Samoans advising peace. The armies are disbanding to await the result of the Berlin conference. There is famine among the natives, caused by destruction of crops during the recent hurricane. The admiral requests authority to issue rations to them. I am ordered to Washington and will start as soon as possible.

"FARQUHAR."

As some time must elapse before the next mail steamer leaves for Samoa the authority necessary to enable Admiral Kimberly to issue rations cannot be sent immediately.

A Negro Taken from Jail and Lynched.

CAIRO, Ill., May 21.—Joe Thornton, negro prisoner in the Wickliffe, Ky., jail, was lynched this morning. Thornton had assaulted a little girl, and attempts to string him up was made last Wednesday and Thursday. At 3 o'clock a masked mob overpowered the jailer and dragged the negro to a slaughter house on the outskirts of the town, where a noose was fixed around his neck and the end of the rope thrown over the snatch block. Thornton was left to strangle and was found dead by the butcher at daylight this morning.

Another Monument at Gettysburg.

GETTYSBURG, Pa., May 21.—Battery I, First New York artillery, Capt. M. Wiedrich commanding in this battle, yesterday dedicated a massive granite monument of East Cemetery hill, where, during the battle, they had a hand-to-hand struggle with the Louisiana Tigers. The veterans and friends from Buffalo numbered fifty. Hon. John M. Farquhar, member of congress from Buffalo, was orator of the day, Cyrus K. Remington giving the battery's history. Miss Nellie Wiedrich and Surgeon J. B. Green read poems.

Death of a Prominent Miller.

MILWAUKEE, Wis., May 21.—Edward Sanderson, a prominent miller of this city and proprietor of the Phoenix mills, died last night after a short illness at his residence on Astor street. He was one of Wisconsin's most prominent Republicans, having been a delegate to the National Republican conventions of 1876, 1880, and 1884. He was at one time a member of the Republican National committee, and although he was very active in every campaign, never accepted a nomination for public office.

Murder Among Themselves.

CLEVELAND, O., May 21.—A special from Boston, O., states that some tank builders working on the Standard Oil Pipe line, procured several jugs of hard cider from the farmers yesterday, and got intoxicated. Two brothers, named Winger, became involved in a quarrel with John Portelle, and clubbed him so severely that he died soon after of his injuries. They were arrested and placed in jail at Akron.

Fatal Result of a Quarrel.

BIRMINGHAM, Ala., May 21.—In the woods near Coalburg mines, ten miles from this city, a crowd of negroes were shooting craps. A quarrel over the game ended in a fight, in which John Webster was shot dead by some one so far unknown. Some of the other players were slightly wounded.

Done the Deed With a Table Knife.

BOSTON, May 21.—Mrs. Goede Leverson, aged 48, committed suicide this morning at her residence, by cutting her throat with a table knife. For several days past she had complained of a severe headache, and it is supposed that she had become deranged. She leaves a husband, daughter and two sons.

Weekly Crop Bulletin.

The weekly crop bulletin of the Kentucky State Weather Service, in co-operation with the U. S. Signal Service, for the week ending Saturday, May 18th, says the heavy and general rains of the 12th and 13th inst. have brightened crop conditions throughout the State. It is feared, however, that the rain came too late to prevent serious injury to tobacco and oats. Tobacco plants are reported to be very scarce and poor, and in some sections it will not be possible to produce more than half a crop. Oats are in a generally poor condition throughout the State, and while the prospects for wheat are somewhat better, it is not possible that anything like a crop will be harvested.

The drought has played havoc with meadows and pastures, and in some sections stock is suffering seriously. Corn, garden stuff and small fruits are, as a rule, reported to be in fair condition.

Although the rains of the past week were very heavy there still exists a deficiency of about 10 inches since January 1st. More rain is very badly needed.

Hailstorms of unusual severity occurred on the 12th and 13th, and in some places crops were damaged by them. They appear to have been especially severe in the vicinity of Georgetown and Paris.

OUR NEIGHBORS.

ORANGEBURG.

Born, to the wife of Robert Bullock, a fine daughter, May 15th.

The revival closed with eight additions.

Plenty of rain now and the crops are booming.

Miss Mollie Ford, of Lewis County, is here visiting her brother.

Mrs. Dr. Taylor, of Tolleboro, spent Saturday with her brother, Dr. Ford.

Miss Little Stubblefield, of Reetor, was visiting relatives here the past week.

Fine prospect here for strawberries and blackberries.

The wife of Gus L. Tolle has been very sick, but is much better.

James Dickson, one of our oldest citizens, died last week and was buried in the family burying ground.

SHANNON.

Mr. and Mrs. A. O. White and nephew, Ophiel Buckler, of Sardis, were enjoying Ripley society, Sunday, guests of T. J. White and John Eckman.

Children's Day at Dr. Anderson's Church, Sardis, Sunday afternoon. Everything went off with music and flying colors. All the girls were out with their best boys.

Jim and Jack Howard, of Shawhan, Bourbon County, were down Saturday and report a good stand of corn; tobacco plants destroyed by fly, and beds resown ten days ago.

Only one man, an Irishman, had plants enough to set ten acres. The boys rented corn ground at \$5 and tobacco ground at \$30 per acre, cash in advance.

A Germantown merchant, who was literally run down by one of the county candidates in Maysville, was advised to take refuge in a saloon to rid himself of the pest, as the aforesaid candidate was a Prohibitionist and would not follow him in there, which he did, leaving the buttonhole watching the front door for several hours. Alas! poor Yorick.

Nearly all the corn in this neighborhood has been planted over, the first being cut off by the omnivorous worm. Split the middles and let both plantings stand till the 1st of June and then cultivate the better stand. The same irrepressible reptile got in his work on the newly planted tobacco patches and much that was planted will have to be reset.

Although "Uncle John Cole" is a total abstainer and has been on the cold water line for nearly three-quarters of a century, he always keeps a full supply of "Tom and Jerry" on hand at the old home. N. B.—The "Tom and Jerry" referred to is not the kind "Tous Lanimous" brews at the St. Charles, but are the names of the two of the old gentleman's big grandsons, who assist him in keeping house.

Frank Duncan has a school of 'cyclists. Being a pious man he takes his pupils out on Sundays for lessons in mounting, dismounting and road evolutions; taking in 'Olivet and Blue Licks, alternately, as dinner stands. They make as good time as a fair trotter. He is an agent for the sale of bicycles, and sold two wheels to Jim Dye and one to Wes. Prather last week, "just to please the boys." No gateage or provender for these "hosses."

Judge G. S. Wall, Treasurer of the jail sinking fund, filed his annual report, which was referred to Squires Rees, Woodward and Hunter for examination. The committee reported the accounts correct and that proper vouchers for all expenditures were with the report.

Dan Perrine, late Sheriff, reported that he had not paid Alfred Lane, committee of Jane Jackson, the sum of \$30 appropriated at last Court of Claims, because said Jackson was no longer living with said Lane. Mr. Perrine was directed to pay the money to the County Treasurer.

Reports were filed by W. W. Ball, committee of Alfred and Mary Beuley; by John W. Alexander, committee of Mrs. Hesler, Polly Clinger and Eva Martin; by M. D. Farrow, committee of Abner O'Call; by Louis Jenkins, committee of Travis Weaver; by J. H. Grigsby, committee of the Catron child; by J. D. Raymond, committee of Sidney Gross; by John S. S. R. R., or any taxes that may be levied to redeem said bonds. The Receiver shall execute bond with good security before entering on his duties.

Dr. A. G. Browning, jail physician, filed his annual report. He reported that "the Jailer has done his duties and the physician has tried to. Things have been kept clean, reasonable wants have been supplied and the sick have been attended to."

A. R. Glascock, Treasurer of the committee in whose hands \$2,500 was appropriated at last term for benefit of Middle Trace Turnpike, reported that the Maysville and Lexington T. P. R. Co. and others had enjoined the use of the money for the purpose intended after \$435.30 had been expended. He was, therefore, ordered to pay balance, \$2,065.70, back into the county treasury to be placed to credit of general claim fund, and the Middle Trace T. P. R. Co. was directed to issue the county stock for the \$435.30 expended.

Following is a list of claims allowed: Citizens' Gas Co., gas bill.....\$ 50 80

THE CROSS KILLING.

The Coroner's Jury Find That Henrietta McDaniel Fired the Fatal Shot.

Particulars of the Shooting as Detailed by Witnesses at the Investigation.

The Coroner's investigation of the killing of E. J. Cross Sunday was held yesterday afternoon at 4 o'clock.

The inquest took place at the Mayor's office, Coroner M. T. Cockrell presiding. County Attorney Newell represented the Commonwealth and Mr. A. A. Wadsworth was present as attorney for the woman accused of the shooting. Drs. G. M. Phillips and A. G. Browning were the first witnesses called. They are the physicians who made a postmortem examination of Cross' body. They testified that they found the face burned with powder. The ball entered at the outer angle of the right eye. It was deflected by striking the inner surface of the temporal bone and was found in back part of the head an inch higher and on the left side. It was a ball of 33 calibre. Cross was about five feet nine and a half in height, weighed about 145 pounds and looks to be from thirty to thirty-five years of age.

W. W. Lynch was called. In substance he said: "I live in the Fifth ward, next door to the house occupied by Henrietta McDaniel. Hers is about forty feet east of mine, and there is some shrubbery between them. I was attracted to the door Sunday by some men at McDaniel's gate. Think there were five in the crowd. They were trying to get him to go some place, but he said:

'Let go of me, boys. I can take care of myself.'

"He then got away from them and as he passed down the little alley I heard him say:

'Now, shoot, if you want to.'

"He continued down the alley until he came to a window, where he stopped, made some noise and the window flew up and the pistol was fired. I grabbed my hat and ran over. Looking down the alley I saw him with his head against the fence and his body across the alley. As soon as I got there, one fellow says:

'She has killed my friend in cold blood.'

"He stooped down and put his hand on the body. Just then Henrietta McDaniel stuck her head out and the fellow said: 'Madam, you have shot my friend in cold blood.'

"She replied:

'No, he shot himself.'

"The shot was fired immediately after the window was raised. I saw her leaning out. She said the man had taken hold of her and was trying to pull her out of the window and she could not have shot him. The rest of the men were in the yard when Cross was shot."

O. W. Griesman testified that he heard the shooting and saw the smoke. He was at his home on Second street.

The smoke came out the window. He went over, and one of the men said to the woman.

'You have killed my best friend.'

"She says:

'I don't care if I did. He killed himself.'

"She ordered him out of the yard and he went out. She then called him into the house and when he came out he said: 'He killed himself.'

F. W. Murphy was next called. He said: I know Cross. Four or five of us were in the crowd. Two of the boys went up to the house first and went in. Then I and another one went in. Then Cross came up by himself. I didn't like the looks of the woman and wouldn't go in the house. As we were going out the gate he, Cross, went up to a window and was talking to her. She said:

'You had better take this fellow away, or I'll shoot him.'

"We wanted him to come away but he said:

'No, I'll go round here, and talk to her and we'll get in.'

"Cross went round the side of the house and was standing with his hands by his side and had his face up as if he was talking to some one. Then the shutters flew open, and I heard the window go up and the shot was fired. I saw the pistol sticking out of the window. He dropped back immediately. She came to the front window to shut the blinds and some one of the boys said:

'You have killed the man.'

"She said:

'I don't care if I have.'

"She then closed the window and I did not see her any more. She was the only one I saw connected with the house. The boys had come out and were at the east side of the house. Andrew Eberly, Shockley and Robinson were the fellows with us."

James Phillips was called and said: "I was one of the second party who went

up. F. W. Murphy was with me. We went to the back door and knocked. She said 'you can't get in. The house is full'. We went round to the front and met Cross. He went up to the window. She said 'take this fellow away, or I'll shoot him.' Shockley and I took hold of him, but he said:

'Let me alone, I can take care of myself.'

We let go and he went 'round the side of the house. I went out and to the head of the alley. Saw Cross stop and heard a noise and immediately the shot was fired. We went down to him and she said:

'Get out of here, or I'll give it to you.'

Newton Ingram: "I don't see the fellow who did the talking. He said to the woman: 'You have killed my friend in cold blood.' She replied: 'I didn't. He tried to pull me out of the window.' She then called this fellow, who was talking, into the house and when he came out he said: 'She says he shot himself, but I don't know.'"

There was some other testimony about to the same effect as above, and then the investigation closed. The jury shortly afterwards reported the following verdict:

The jury believes, from the evidence adduced, that the deceased, Edward Cross, of Indianapolis, Ind., came to his death from a pistol shot wound fired from the residence of Henrietta McDaniel, in the Fifth ward of the City of Maysville, on Sunday, May 19th, 1889.

The jury further believes, from the evidence before them, that the shot was fired by Henrietta McDaniel.

Cross' body was shipped to Indianapolis last evening in charge of John W. Booth, who arrived here yesterday morning. The deceased had \$10,000 life insurance, it is stated, which will go to his mother. He was her only support of late years.

The examining trial of the accused will be held before Judge Coons this afternoon at 4 o'clock. She is still in jail.

Presbyterians South.

Proceedings of the General Assembly at Chattanooga.

THE WORK OF THE FOURTH DAY.

A Plan of Operation Between the Two Factions in the Church—Reports of Committees—The Next Session Will Be Held in Asheville, North Carolina.

CHATTANOOGA, Tenn., May 21.—The fourth day's work of the general assembly of the Southern Presbyterians was a busy one. The most important decision was that the committee had decided favorably to the plan of co-operation between the southern and northern assemblies as previously reported by the joint committee of the two bodies. This result was arrived at after a session of several hours.

The committee representing laity and clergy of each synod in the south had a majority of two to one in favor of the report, and the feeling of the assembly in its favor is thought to be in the same ratio. The co-operation plan will be advocated without any modification. This will be in the nature of a surprise, as it was expected that adverse action would be taken. If this committee's report is adopted by a decisive vote it will be a long step towards the organic union of the two grand divisions of the North and South church.

Co-operation is recommended in the educational and literary work of the domestic and foreign missions.

The evangelization of the negroes in effect is almost a complete union.

A request from the Lafayette Synod that the headquarters of the committee on foreign missions be removed from Baltimore to Louisville, was referred to the committee.

The report of the committee on Sabbath observance was submitted. It contained complaints especially against Sunday newspapers, trains and saloons.

The committee on revision of the directory of public worship recommended: That session can require a public profession of faith, and made it a special order for Wednesday's meeting. The assembly decided in answer to an overture to report at the next assembly the concentrated efforts to evangelize the negro race.

The celebrated Woodrow case came up accidentally in the report of the committee to pass on the action of the South Carolina synod against the Presbytery of Charleston.

The synod passed a resolution declaring the action of the Charleston synod unconstitutional, irregular and unwise, in passing a resolution which declared that the general assembly had judicially affirmed the decision of the synod of Georgia, in declaring the belief of Rev. Mr. Woodrow, as to the origin of the City of Adam contrary to the word of God misinterpreted in the standards of the church, and this Presbytery regards the holding of the said form of the belief in the evolution as contrary to the word of God, and forbids the public contending against the decision of the assembly.

The synod in passing on this declared the action "a trespass upon the sacred and inalienable right of private judgment which belongs to every court and all members of the church of Jesus Christ," and directed the presbytery of Charleston to convene and correct the proceedings.

The committee of the assembly in the afternoon recommended, first, that the action of the synod be approved so far as it declares the action of the Charleston presbytery "unwise." Second, that it be disapproved together with the reasons assigned so far as it declares the action of the Charleston presbytery unconstitutional and irregular.

After a long speech in behalf of the synod, Rev. Mr. Whalen, of the South Carolina assembly, the assembly adjourned to resume the discussion in the morning.

It is believed that the synod will be sustained.

The assembly voted to hold its next session at Asheville, N. C. The assembly will not hold a session to-night.

BALTIMORE, May 21.—The steamship John Hopkins was burned to the water's edge last night. Fire was discovered in the hold of the vessel shortly before midnight, while she was lying at Pier No. 6. She was immediately towed out into and down the stream to Fort McHenry. The city fire department responded promptly to the alarm, but were prevented from going to the steamship by military authorities at the fort. The only route by which the ship could be reached from the south shore lay through the grounds of the fort, but the soldiers barred the way and would not allow the firemen to proceed. During the parley between the firemen and Uncle Sam's troops the flames were spreading rapidly, their only opposition coming from the tug Convoy, which threw a stream on her, but in fifteen minutes she was burned to the water's edge.

The John Hopkins was the property of the Merchants and Miners' Transportation line. She was 1,470 tons gross register, 242 feet long, 35 feet breadth of beam and 16 feet depth of hold. She was built at Wilmington, Del., in 1883.

OFFERING A HEAVY REWARD.

If Dr. Cronin Has Killed His Friends Want to Know It.

CHICAGO, May 21.—The friends of Dr. Cronin, who mysteriously disappeared two weeks ago, are so firmly convinced now that Cronin has been made the victim of a conspiracy and foul play, and that he has been murdered, that they have offered a reward of \$5,000 for information leading to the arrest and conviction of any of his murderers, principals or accessories.

To disabuse the public mind of the impression that the doctor is still alive, and that his disappearance was voluntary, his friends have offered a further reward of \$2,000 for any satisfactory evidence that will prove that he is not dead, and that would lead to the discovery of his whereabouts.
